ABOUT THE ARTIST

- Hailing from a small farm town in the Netherlands, Rudy Gunn's journey to the heart of country music is as unique as the sound he creates.

His deep-rooted love for country music can be traced back to his mother, a former country singer in Europe, who ignited the flame of passion within him.

Now based in Southern Ontario, Rudy's music bridges the gap between two worlds, much like his own story.

- He was the lead singer of a rock band called "One Way Street" as well as a country band called "Grand River Country" from 2006 until 2010 while simultaneously working as a Radio DJ for Corus Entertainment in Kitchener, Ontario. While he was working as a radio announcer he started DJ-ing local clubs which later led to a massive career.

His radio career took off and he relocated to Alberta where he continued playing with various bands and continued his Professional DJ Career as "The World's Only Cowboy Spinner." opening for many big acts and headliners.

Rudy has performed as a touring country artist and DJ all over Canada, the US, and Europe.

- In 2017 Rudy announced he was taking a break from being a touring act to focus on personal development.

After a 5-year hiatus he is now back performing as a touring country artist and focusing on writing and releasing new original music.

Randy J. Martin - Karizma Agency / Concerts

Rudy has put on a show for us many times over the years at the Boyle Rodeo and even private parties for the Ag Society. He always knows exactly how to get the crowd going. We loved having him there every year we've had him.

Keith Sereres – Boyle Rodeo
Boyle, AB

I always love working with Rudy and the guys. They always bring a highly energetic show and are definitely one of the top bands we've ever had the pleasure of working with. They sure are a crowd favourite around here.

Shawn Moore - Cowboys Guelph / Moore Music
Guelph, ON

Last summer, I watched as Rudy stepped up to the center mic and kept the crowd entertained with a great mix of up-and-slow country songs (mainly up-tempo) at the Boot Hill Country Jamboree. He handled the situation like a pro, with a master's ease of being aware how to set the pace of the set he performed in the time allotted to him. His vocals and, importantly, his attitude both on and off the stage were spot-on. Rudy has the foundation of his career solidly built!

Randy Owen – Country Radio Personality
Country 107.6

We've had Rudy play at Spurs Cookhouse many times and the people absolutely love the energy that he brings every time he performs. We love the mixture of classics, new country, some rock staples and even his originals.
